

The Mission of St. Paul Catholic School

St. Paul Catholic School is committed to the fourfold purpose of Catholic education: Worship, Message, Community, and Service.

We believe in the value of each child as a unique individual loved by God. We strive to create an environment which will challenge students to grow in their faith, to reach their fullest potential, and to develop a healthy acceptance of self and a Christian respect for others.

An education at St. Paul Catholic School is affordable. There are no book fees or sports charges. Tuition assistance is available for families that qualify. For less than \$9.00 per day for one child, your family could share in the St. Paul experience.

*Catholic Values,
Academic Excellence*

At Saint Paul Catholic School...

...parents are viewed as indispensable partners in the education of the children at St. Paul. Parents are invited to become involved with our school and many opportunities are available. We promote a family-focused atmosphere and strive to facilitate this in all that we do!

Choosing the school for your child's education is one of the most important decisions you will make as a parent. St. Paul Catholic School's philosophy, curriculum, and activities are centered on the teachings of Jesus Christ. Please visit our school to discover the difference we could make for your child.

Your child will be *faith-filled*.

- Daily classroom instruction in the Catholic Faith
- Weekly Mass with student-led liturgies
- Close interaction with the Parish family and service to others fosters a community of believers
- Strong Sacramental preparation program
- Development of skills to build a fulfilling relationship with God

Your child will be *engaged*.

- Comprehensive curriculum that exceeds State of Illinois and Diocesan learning standards
- Faith-based education to prepare students to become successful leaders in our community
- Latest Technology: Computers, SmartBoards, Chromebooks, Kindles, and iPads to enhance learning
- Smaller class sizes for personalized learning
- Enrichment learning featuring Spanish, Creative Writing and Catholic Apologetics

Your child will be *developed*.

- Activities to enhance the curriculum and enrich our students all within a secure atmosphere
- Character and leadership development at all levels
- Co-curricular classes: art, vocal and instrumental music, including marching band
- Interscholastic sports for boys and girls; athletes of all skill levels participate
- Extra-curricular activities such as Model UN, Scholar Bowl, Math Team, Speech Team and more

Your child will be *successful*.

- Structured, nurturing environment which fosters development of life skills
- Individualized, differentiated instruction
- High scores on nationally standardized tests
- 20% of St. Paul 2009 class were 2013 high school valedictorians

Your child will be *supported*.

- Caring, experienced faculty with a holistic approach to education
- Highly qualified staff with certification and many with advanced degrees
- **Viking Kid Care** available before and after school as a secure option for working parents
- Resources on site for supported learning
